| BACKGROUND/SUMMARY:<br>City staff have continuously monitored and repaired various infrastructure issues at the City Hall. Now for the second time our (second) restroom facilities have had our sewer line collapse. However, this time the cost to repair the infrastructure is estimated to be \$20,000.00. The intent of this discussion is to review the possible future of our facility as we try to meet the demands of a growing population. |                                   |
