SUBJECT: DISCUSSION/ACTION: IMPERIAL APARTMENT REHABILITATION PROJECT PHASE I. 1. AUTHORIZATION TO SEEK BIDS FOR THE IMPERIAL APARTMENT REHABILITATION PROJECT PHASE I.	
DEPARTMENT INVOLVED: COMMUNITY DEVELOPMENT DEPARTMENT	
BACKGROUND/SUMMARY: The City of Imperial Apartments were built in 1958. Since 1958, the apartments have only received basic maintenance. Due to the natural life span of materials, systems, equipment, and structures- in general, there are several items that need to be rehabilitated in order to comply with current California Building codes and standards. Community Development Staff released an RFP for the Architectural Design Services for the apartments in September of 2019. The design contract was awarded to BJ Engineering & Surveying Inc. The design and construction plans for the City Apartment Rehabilitation Project have been completed. The restoration of the apartments will be done in phases as funds become available. The scope of work consists of: <ul style="list-style-type: none"> ➤ Existing Roof Rehabilitation ➤ Existing Carport Structures Rehabilitation ➤ Existing Driveway Rehabilitation 	
FISCAL IMPACT: Housing funds: \$225,405.98	ADMIN SERVICES SIGN INITIALS <u></u>
