

## Staff Report

Agenda Item No. E-1

**To:** City of Imperial Traffic Commission

**From:** Lisa Tylanda, Planner

**Date:** October 9, 2019

**Subject:** Proposed placement of new 3 way stop signs and crosswalks @ the intersection of Alejandro Street & Mitzi Kim Circle.

---

### **Background:**

City Council has directed staff to begin the process for the potential placement of three (3) new stop signs and crosswalks at the east, west, and north intersections of Alejandro Street and Mitzi Kim Circle. The item has been reviewed by the Development Review Committee.

Placing new stops signs at the east, west, and north intersection of Alejandro Street and Mitzi Kim Circle not only would meet the vision of safety on the council's behalf, but could potentially meet and influence some of the goals within our Land Use and Circulation Element:

- **Circulation Element Goal #1 Circulation & Land Use :** Plan land uses in conjunction with the circulation system to encourage future growth in areas of higher density on transportation nodes, which will better allocate City resources and limit vehicle miles traveled.
- **Circulation Element Goal #2 Safe & Complete Streets :** Develop a multi-modal network and balanced transportation system that safely accommodates all modes of travel.
- **Circulation Element Goal #3 Circulation Efficiency:** Provide for safe and efficient movement for all modes of transportation throughout the City.
- **Circulation Element Goal #4 System Sustainability:** Attain a sustainable transportation system that can be built, operated, and maintained, within the City's existing and future resources

**Staff Recommendation:**

The Development Review Committee recommends this item to the Traffic Commission for discussion and action.
